of the members of the Assembly in their individual capacity on bills pending before the Legislative Council.

SUBJECT No. 250.

Budget Estimates of the current year.

Mr. S. R. Balakrishna Rao, Shimoga Municipality.

*Summary of discussion.*—Government may be pleased to supply the members of the Assembly with the budget estimates of every year as soon as they are ready, instead of at the Assembly. This will enable the members better to urge the claims of certain departments for more grants.

*Reply of Government.*—Cannot be done for the present.

SUBJECT No. 251.

Travelling allowance to the Representative Members attending the preliminary district meetings.

Mr. Agali Venkatramaiya, Sira Taluk.

*Withdrawn.*

SUBJECT No. 252.

Provisional rules for regulating discussions at the Representative Assembly.

Mr. Kesavaiengar, Belur Taluk.

*Summary of discussion.*—The rules requiring a meeting convened by the Deputy Commissioner to be held at the district head-quarters for the selection of subjects for being sent up to Government for inclusion in the consolidated list cause hardship to Taluk Representative Members, as they have to go to the district head-quarters for the meeting. These rules may be abrogated. If necessary, meetings with the respective Deputy Commissioners may be held in Mysore and the subjects considered.

Mr. Anniah Pandit said that if the members did not meet the Deputy Commissioners at the preliminary meeting the number of petty subjects brought up in the Assembly would largely increase and the Assembly would have to sit for a very long period. Several other members were also in favour of the preliminary district meetings being held. The general sense of the Assembly was also in favour of the continuance of the existing practice.

Mr. Kesaviengar then withdrew his proposal.

SUBJECT No. 253.

District Meetings of members once in six months.

Mr. Hassan Ali Beg, Mysore City Municipality.

*Summary of discussion.*—District meetings of the Representative Members under the presidency of Deputy Commissioners may be held twice a year.

*Reply of Government.*—Not necessary at present.

SUBJECT No. 254.
